ABOUT US

brandsandvision is a global full-service provider with his own textile and sock production. We offer a complete solution for your idea, which we will always support from production to logistics and import, as well as storage.

Our service portfolio includes

- Consulting and design
- Concept development
- Production and packaging
- Logistics / storage and import processing

Our production includes the manufacture of all types of textiles with a minimum quantity of 50 pieces.

Whether workwear, individual merchandise or textile collections as well as promotional and advertising items - we can produce according to individual customer requirements.

brandsandvision specializes in producing according to your ideas and using high-quality materials and tailor-made solutions to ensure that your idea reflects the values and identity of your brand to perfectly showcase your vision.

We guarantee you an environmentally friendly product quality that is guaranteed by regular high standards and specifications.

Our team has many years of experience and our experts implement your idea and find ideal solutions for your textile or promotional product concept. You will receive valuable inspiration and structured processes that are exactly tailored to your brand or idea.

We realize your vision and create future-oriented textile concepts.

brandsandvision offers everything from a single source - from the idea to production to full service and logistics, we are there for you.
